Hey there I was wondering
How have things been and how's it going
Fake a smile, Tell a lie

Every time I walk by you
You go right past and just look through
Left me there, But you don't care

[Repeat Chorus]

Final Chorus:

But you know what I will think
How it's weird and everything
Leaving our past behind
I thought that you were really mine
But it's not what I wanted

Our memories have now shattered.
And I wish you all the best
That is something you should know
